

Finishing Drawing

3-10-2010

Opening Discussion

- Minute essays
 - Can we count seconds instead of calls to act?
 - Why PNG works better than JPG. It isn't Greenfoot.
 - Digestion time of 20 correlates to 20 clicks of act.
 - The meaning of --.
 - Why do we lack sound?

Remaining Objectives

- People eaten indicator.
- Destroyed houses.
- Rotating alligator.

Minute Essay

- What questions do you have about drawing?
- What should we do next? I was planning on working toward having actors that can move avoiding obstacles and find shortest paths. At some point we should leave Greenfoot and work on applets.
- Remember to send me an e-mail with your design by tonight.
