- Reminder: Requirements analysis due next Monday.
- I asked that each group select a leader and tell me his/her name. There seems to be some confusion about the leader's role, so — each group should organize itself as it sees fit.
- Did everyone who attended the common session last week (Dr. Howland's talk on ethics) sign in? If not, talk to me after class.
- I've installed a couple of tools for drawing UML diagrams in `/users/cs2194`. See the "Useful links" page for (a bit) more information. Suggestions for others are welcome!
