

### Administrivia

- Date for ethics presentations is going to change — we have another faculty candidate coming 2/25. New date will be decided by Dr. Pitts and announced in class and via mailing list / Web page.

Slide 1

### Ethics Presentations

- Full details coming as soon as I get them from Dr. Pitts. Briefly, as I understand it:  
Each group will be given a problem/scenario and asked whether the people involved behaved ethically, what they should have done, etc. Groups will present their solutions, and everyone will discuss/evaluate them.
- We will try to use at least one of our classroom sessions to practice. We should have one common lecture (in SLH) about ethics. There is also quite a lot of material on the Web. Follow the “Common information for CS.194” link and then either of the “ethics materials” links at the bottom.

Slide 2

### Minute Essay

- What did you think about the faculty candidate?  
(Discuss, and then write down any other comments.)
- Do you have any concerns about the ethics presentations? Things I should ask Dr. Pitts?
