CSCI 3291 (Java with Internet Applications)

Homework #0: Background Questionnaire

Assigned: August 26, 1999
Due: August 31, 1999
Total points: 5

- Your name:

- Your major and year (e.g., "CS, junior"):

- Will you likely do your homeworks and project for this course on departmental machines, or do you plan to use a home system? If the latter, what?

- Briefly describe your programming background (coursework at Trinity and elsewhere, work experience, etc.).

- Have you used Java before? CC++? Extensively?

- How familiar would you say you are with object-oriented programming?

- What are your objectives in taking this course?
