Administrivia

- Reminder: Homework 3 due now.
- Midterm Monday. Review sheet online. Sample solutions for homeworks (written problems) and quizzes hardcopy only. (I can put extras outside HAS 201?) Sample solutions for programming problems will be online later today.
- If you missed class Wednesday to attend the job fair, I'll excuse the absence *if* you send me an e-mail telling me something about it (i.e., more than "I was there").
- We'll have Quiz 3 next Friday — something about scheduling. There will also be a homework about it assigned probably Monday.
