

Slide 1

### Administrivia

- Reminder: Homework 4 code due today. (But I'll accept it through Friday with no penalty.)
- Comments on project proposals coming later today.

Slide 2

### Heat-Diffusion Example Revisited

- Code on sample programs page for MPI and OpenMP versions. Performance results surprised me. Let's look at the programs and performance . . .

## Minute Essay

- What have you learned from reading the book?
