### Administrivia

- Homework 1 grades mailed.
- Project proposals received from (almost) everyone. Initially I said I wanted a "project plan" by next Tuesday (a longer and more detailed proposal, basically). How about if instead we do a "longer proposal / status report" by next Thursday?

### Heat Diffusion Example, Revisited

- Look again at code for heat-diffusion problem, adding code to test for convergence.  
(OpenMP version developed in class. To be on "Sample Programs" page soon.)
