

## Cropping pictures using MS Word 2007

When your picture has been inserted or pasted into the document, make sure it is selected

The Picture Tab should pop up – click on it, and you will see special Picture Tools, including the Crop Tool:

Align the Crop Tool with the corners and drag it around the area you wish to keep:

<p><b>Lyn Belisle,</b> <b>Instructor</b></p> <p><a href="#">8:30 Class Blog</a> <a href="#">11:20 Class Blog</a> <a href="#">2:10 Class Blog</a> <a href="#">Belisle Blog</a> <a href="#">Class Wiki</a></p> <p>Semmes Jungman</p>		<p>Teaching Assistants:</p> <p>Sarah Lube 8:30 <a href="mailto:slube@trinity.edu">slube@trinity.edu</a></p> <p>Mattina Van Coppenolle 11:20 <a href="mailto:mvancopp@trinity.edu">mvancopp@trinity.edu</a></p> <p>Sara Hills 2:10 <a href="mailto:Sara.Hills@Trinity.edu">Sara.Hills@Trinity.edu</a></p>
