

Go to Adobe.com and select Trial Downloads:

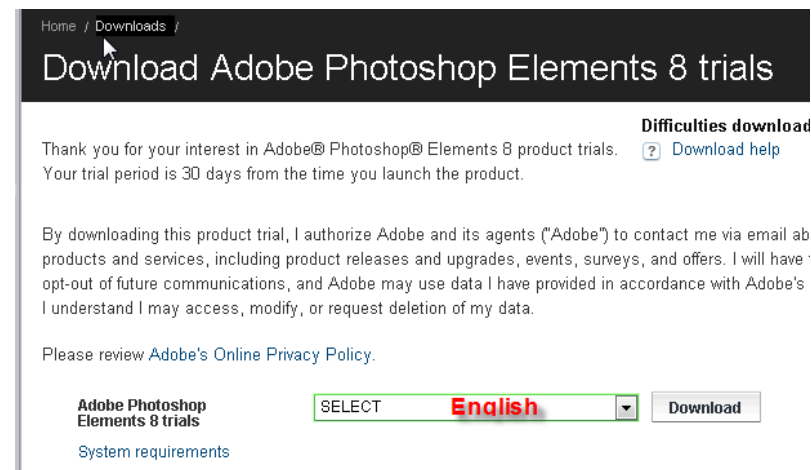

Choose Adobe Photoshop elements 8 - click TRY:

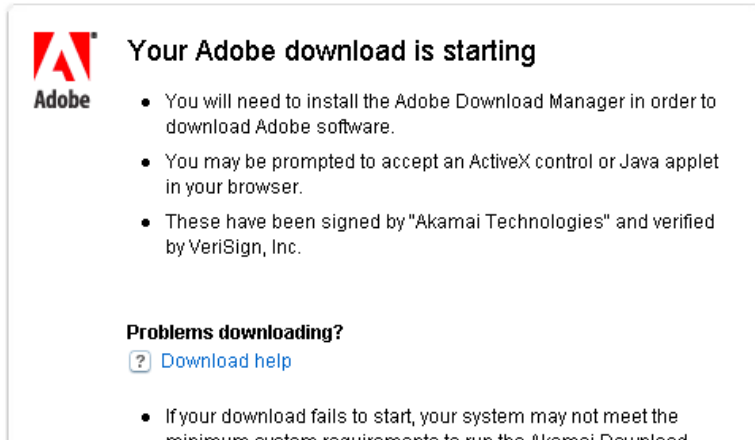

Create a free Adobe account and sign in:

Select your language:

You may need to install Active X – that is OK

Your Adobe download is starting

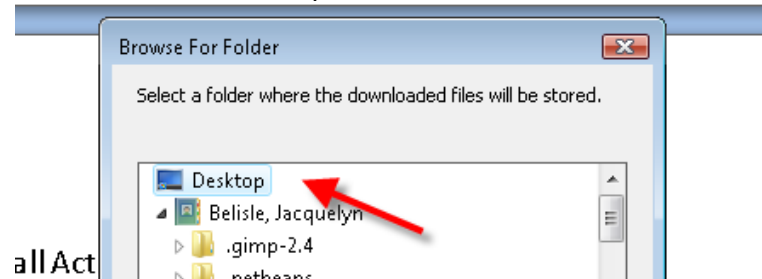

- You will need to install the Adobe Download Manager in order to download Adobe software.
- You may be prompted to accept an ActiveX control or Java applet in your browser.
- These have been signed by "Akamai Technologies" and verified by VeriSign, Inc.

Problems downloading?

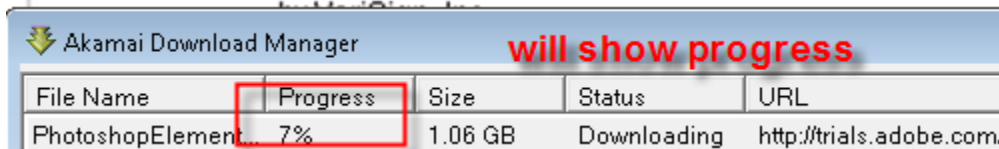

[? Download help](#)

- If your download fails to start, your system may not meet the minimum system requirements to run the Akamai Download

Good to save to desktop for now:

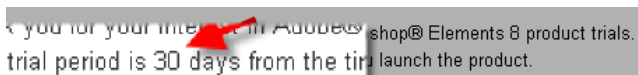

Download window will show progress in percentage (takes maybe 10 min):

will show progress

File Name	Progress	Size	Status	URL
PhotoshopElement...	7%	1.06 GB	Downloading	http://trials.adobe.com

Don't forget the length of the trial period – they mean it ☺

Thank you for your interest in Adobe Photoshop Elements 8 product trials. trial period is 30 days from the time you launch the product.

Download to your computer:
