

Downloading KompoZer from <http://sourceforge.net/projects/kompozer/>

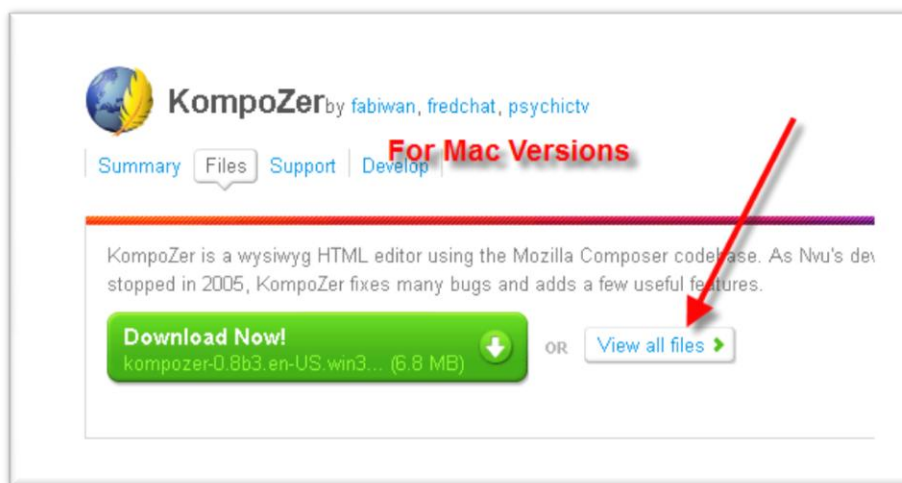

Follow the screen shots – notice where to find Mac version

The screenshot shows the SourceForge homepage. At the top left is the SourceForge logo with the tagline "FIND AND DEVELOP OPEN SOURCE SOFTWARE". Below the logo is a navigation bar with links: "Find Software", "Develop", "Create Project", "Blog", "Site Support", and "About". A red horizontal bar is positioned below the navigation bar. Below this bar, the text reads "Your KompoZer download will start shortly...". A red arrow points from the word "KompoZer" to the text "Problems with the download? Please use this [direct link](#) or try another [mirror](#)." Below this text is a red button that says "click here". At the bottom right, there is a small "from c Ads by Google" logo.

The screenshot shows the KompoZer project page on SourceForge. At the top left is the KompoZer logo, a globe with a yellow and blue design. To the right of the logo is the text "KompoZer by fabiwan, fredchat, psychictv". Below this is a navigation bar with tabs: "Summary", "Files", "Support", and "Develop". A red horizontal bar is positioned below the navigation bar. Below this bar, there is a small screenshot of the KompoZer interface. To the right of the screenshot is the text: "KompoZer is a wysiwyg HTML editor using the Mozilla Composer codebase. Nvu's development has been stopped in 2005, KompoZer fixes many bugs and adds a few useful features." Below this text is a green button that says "Download Now!" with a download icon and the text "kompozer-0.8b3.en-US.win3... (6.8 MB)". A red arrow points from the "Download Now!" button to the "View all files" button. To the right of the green button is the text "OR" and a button that says "View all files" with a right-pointing arrow.

The screenshot shows the KompoZer project page on SourceForge, specifically for Mac versions. At the top left is the KompoZer logo, a globe with a yellow and blue design. To the right of the logo is the text "KompoZer by fabiwan, fredchat, psychictv". Below this is a navigation bar with tabs: "Summary", "Files", "Support", and "Develop". A red horizontal bar is positioned below the navigation bar. Below this bar, there is a small screenshot of the KompoZer interface. To the right of the screenshot is the text: "KompoZer is a wysiwyg HTML editor using the Mozilla Composer codebase. As Nvu's development has been stopped in 2005, KompoZer fixes many bugs and adds a few useful features." Below this text is a green button that says "Download Now!" with a download icon and the text "kompozer-0.8b3.en-US.win3... (6.8 MB)". A red arrow points from the "Download Now!" button to the "View all files" button. To the right of the green button is the text "OR" and a button that says "View all files" with a right-pointing arrow. The text "For Mac Versions" is written in red above the "View all files" button.
