

# First Day of Class\*

Jeffrey D. Oldham

2000 Jan 11

Thank you for taking CS3352 this semester.

Because my paper is being presented at the Symposium on Discrete Algorithms, I cannot be with you today.

Today's activities include:

1. Please read the class syllabus, especially the sections on collaboration and academic violations.
2. If you have purchased the textbooks, see if you can get a small GPSS/H example running.
3. You have a walk.

I return to San Antonio tomorrow afternoon.
