

Show Your Code

11/3/2009

Opening Discussion

- What did we talk about last class?
- How are your projects coming?
- Minute Essay Responses
 - Making custom colors, hex codes.

Show Your Code

- Let's go over people's code for the interclass problems.

Finishing Messages

- With whatever time is left I want us to finish off the code for displaying messages to the user.

Minute Essay

- Do you have any suggestions for the next topic?
- If not, my plan is to have us do work on finding paths through a world with obstacles.
- Remember that projects are due next Monday.
