Simple Spreadsheet Problems

3/16/2009

Opening Discussion

- Don't make things more complex than they have to be. (Midterm question 2.)

- Do you have questions about the project?

- What did we do the last class I was here for?

Review CSV Reader

- Let's go look over the code we wrote last time for our spreadsheet scenario.

- We added a method that would read in the contents of a CSV file. We chose CSV because nearly all spreadsheets export to it.

Simple Spreadsheet Functions

- Today we want to see how we can add in some simple functionality that you probably all know how to do with a spreadsheet.

- We want to add new methods for the following:
    - Min
    - Max
    - Average
    - Median
    - Standard Deviation

Minute Essay

- Do you have any questions about what we are doing?

- Are there any things that you have tried to do in a spreadsheet but weren't able to easily?
