

Show Your Code

4-14-2010

Opening Discussion

- Minute Essays
 - Getting to your workspace from other computers.
 - How we cleared the drawing. It wasn't setting to white, it was filling the rectangle.
 - Design due date can't really move back.

Show Your Code

- Let's look at people's code.

Typing in Notes

- We made it so that our notepad could slide the text around, but we still don't have the ability to type in notes.
- We want to add code into the `keyTyped` method that will do this.

Minute Essay

- Next week we will animate our applets. Do you have any suggestions for what we should animate?
- Project ideas are due on Monday.
