

More XML

4-6-2011

Opening Discussion

- Minute essay comments:
 - Time expectations for assignment redos? Where do they go?
 - Using \ in a script.
 - What do the numbers mean in res1, res2, etc.?
 - Why not use \\ all the time?
 - Uses of XML in normal communication.
 - What was with my Delorean pictures?
- IcP solutions

Another XML Example

- I want to do another example of a program that uses XML.
- I was thinking of using planetary data since that is something I find interesting and which I think works well.
- XML is best for data is that a bit more complex than a simple table.

Minute Essay

- Are you considering taking CSCI 1321 next semester?
